BE IT ENACTED by the City Council of the City of Akron, Iowa:

**Section 1.** There is hereby granted to MidAmerican Energy Company, an Iowa corporation, hereinafter called “Company,” the right and franchise to acquire, construct, erect, maintain and operate in the City of Akron, Iowa, (hereinafter called the “City),” a gas distribution system, to furnish natural gas along, under and upon the right-of-way, streets, avenues, alleys and public places to serve customers within and without the City and to furnish and sell natural gas to the City and its inhabitants. This franchise shall be effective for a twenty (20) year period from and after the effective date of this ordinance.

**Section 2.** The rights and privileges hereby granted are subject to the restrictions and limitations of Chapter 364 of the Code of Iowa 2015, or as subsequently amended or changed.

**Section 3.** Company shall have the right to excavate in any public street for the purpose of laying, relaying, repairing or extending gas pipes, mains, conduits, and other facilities provided that the same shall be so placed as not to unreasonably interfere with any above or below-ground utility services or facilities which have been or may hereafter be located by or under authority of the City.

**Section 4.** The Company shall, excluding facilities located in private easements (whether titled in Company exclusively or in Company and other entities), in accordance with Iowa law including Company’s tariff on file with and made effective by the Iowa Utilities Board as may subsequently be amended (“Tariff”) , at its cost and expense, locate and relocate its existing facilities or equipment located in, on, over or under the right-of-way of any public street or alley in the City in

such a manner as the City may reasonably require for the purposes of facilitating the construction reconstruction, maintenance or repair activities within said right-of-way. Relocation expenses for other hard surfaces, including pedestrian and non-motorized vehicle pathways, will be paid by the City. If the City has a reasonable alternative route for the street, alley or public improvements or an alternative construction method, which would not cause the relocation of the Company installations, the City shall select said alternative route, or construction method. The City shall be responsible for surveying and staking the right-of-way for City projects that require the Company to relocate Company facilities. If requested the City shall provide, at no cost to the Company, copies of its relocation plan and profile and cross section drawings. If the timing of the vegetation removal does not coincide with the Company facilities relocation schedule and Company must remove vegetation that are included in the City's portion of the project, the City shall either remove the vegetation at its cost or reimburse the Company for the expenses incurred for removal. If project funds from a source other than the City are available to pay for the relocation of utility facilities, the City shall attempt to secure said funds and provide them to the Company to compensate the Company for relocation costs.

**Section 5.** In making excavations in any public right-of-way or other public places for the installation of gas pipes, conduits or apparatus, Company shall not unreasonably obstruct the use of the streets or public places and shall restore the surface to the condition as existed prior to the Company's work. Company agrees any replacement of road surface shall conform to current City code regarding depth and composition. The Company shall not be required to restore or modify public right of way, sidewalks or other areas in or adjacent to the Company project to a condition superior to its immediate previously existing condition or to a condition exceeding its previously existing condition to the extent any alterations are required for the City to comply with city, state or federal rules, regulations or laws.

**Section 6.** The City's vacating a street, avenue, alley, public ground or public right-of-way shall not deprive the Company of its right to operate and maintain existing facilities on, below, above, or beneath the vacated property. Prior to the City abandoning or vacating any street, avenue, alley or public ground where the Company has facilities in the vicinity, the City shall provide Company with not less than sixty (60) days advance notice of the city's proposed action and, upon

request grant the Company a utility easement covering existing and future facilities and activities. If the City fails to grant the Company a utility easement for said facilities prior to abandoning or vacating a street, avenue, alley or public ground, the City shall at its cost and expense obtain easements for the existing Company facilities.

**Section 7.** The Company shall not be required to relocate, at its cost and expense, Company facilities in the public right of way that have been relocated at Company expense at the direction of the City at any time during the previous ten (10) years.

The Company shall not be required to relocate in order to facilitate such private project.

**Section 9.** The Company shall indemnify and save harmless the City from any and all claims, suits, losses, damages, costs or expenses, on account of injury or damage to any person or property, to the extent caused or occasioned by the Company's acts in construction, reconstruction, excavation, operation or maintenance of the natural gas facilities authorized by this franchise; provided, however, that the Company shall not be obligated to defend, indemnify and save harmless the City for any costs or damages to the extent arising from the acts of the City, its officers, employees or agents.

**Section 10.** Upon reasonable request, the Company shall provide the City, on a project specific basis, information indicating the horizontal location, relative to boundaries of the right of way, of all equipment which it owns or over which it has control that is located in the public right of way, including documents, maps and other information in paper or electronic or other forms ("Information"). The Company and City recognize the Information may in whole or part be considered a confidential record under state or federal law or both.
